Windows®. Life without Walls™.
Fujitsu recommends Windows 7.

SERVICE LEVELS

For today's business leaders and IT executives the question is not only what needs to be done, but how to do it quickly and effectively while still optimizing overall IT spending.

This is where Fujitsu can really help. We can provide you with a complete range of infrastructure services that allow you to deliver on this promise while reducing overall costs, improving ROI and still delivering outstanding service quality for your users.

For more information regarding Managed Services, Integration Services, Maintenance and Support Services or Financial Services please visit **ts.fujitsu.com/services**

Expertise you can count on, wherever and whenever you need it.

* The warranty can be claimed to the extent that the service concerned is available in the respective country. Please note that availability of all services cannot be guaranteed in all countries. The warranty agreed at the time of purchase may differ from the standard warranty stated here. In addition, as the customer you may have a right to legal claims not restricted by these warranty conditions.
